Fresh Rush for all of us...

100% Natural Spring
Water

Fresh Rush
Beverage Pvt. Ltd.
ESTD: 2019

100% Natural Spring FRESH RUSH WATER

We capture 100% natural spring water and guarantee purity. We collect it from the forest of Shivapuri Nagarjun National Park : the foothills of Baghdwar, Tarebhir and Panchakanya Community forest. Giving utmost priority to the environmental conservation, spring water is purified and filtered by our highly advanced and eco-friendly machines at our state-of-the-art hygienic plant.

Fresh Rush Beverage Pvt. Ltd.

a joint venture of **French Company-Oxilia** is located at Budhanilkantha -02, Bandeligaun, Kathmandu. **Oxilia** is a French holding company specialized in the management and development of projects and industries. It takes part in equity investments and holds stakes in start-up companies which are basically involved in research and development of the premium product.

Vision

To be a leading and accessible beverage company irrespective of geographical and economic constraints with 100% assurance of pure and safe drinking water.

Mission

Fresh Rush to every household to quench the long-awaited thirst for drinking pure, safe and gold standard water of the Natural Spring Sources.
